

# NEWSROUND

## Principals Message

What a fantastic week we have had this week with an abundance of learning happening in and around the school.

### SWIMMING LESSONS

As you would have noticed the students have been involved in rigorous swimming program at Aquamoves in Shepparton and their enthusiasm in learning has been brilliant. Many thanks to the team who have supported daily programs that have been supervised by the skilled staff at the pool.

### BUILDING READING STAMINA

It also has been a grant week in reference to the work that has been undertaken by **Mr Tunks** in his Professional learning community initiative "building reading stamina". This work has evolved across the senior room and is being embraced by the early years group F-3 incorporating building students efforts in sustaining reading over a period. Working alongside of **Mr Tunks** we have researched and responded to our observations of students in reading and celebrate with you that students attitude has improved to the maximum and goals are being set for learning also known as age levelled texts. The efforts of the students in particular those of Year four have ben brilliant with an increased focus and relevant comprehension. Great work in the senior room! This now is to be embraced by the entire school . Great work to you all for your continued support. Our students are moving forward!

### WOOLWORTHS CRICKET BLAST EVENT

**Mr. Turner** has been organising a great inclusive cricket event for the senior class that will happen on Friday 26th October 2018. Unfortunately, **Mr. Turner** will be away on that day, and therefore **Mr. Tunks** and **Mr. Van Dorsser** will be taking the students on the excursion as they attempt to play against other schools from around the area. This has been a great event where the students have learnt and expanded on skill development, like throwing, hitting and hand eye coordination. This is an exciting event that all the students are looking forward to, and representing our school proudly.

### NUMERACY PRACTICES

Mrs. Jeanette Overall will once again be engaging with the team at school in the area of numeracy and will maintain links in classes building professional practice. She is a fun lady who engages well with all students and it shall be fantastic to share our resources and build and continually review the growth in learning outcomes for our students. With Jeanette each visit collectively we celebrate our love of maths and Numeracy successes!

### WORKING BEE

Don't forget working bee is on tonight1 come along as we plant and finalise the work for the memorial.

Happy Weekend to you all.

*Ms. Jean Varty*

### SCHOOL UNIFORM POLICY:

Now that we are in Term 4, we now need ALL students to be wearing their hats as per our Suns mart Policy.

Please make sure that the only acceptable logos on their jumpers and shirts are the School Logo.

Also, the dress code applies to all students during school hours and while travelling to and from school and in particular while students are on excursion.

For more information and the full policy, please check out our website!

## Awards

### Principal's Award!

Great effort to Beau for his work over the lunch break last week when he continued to challenge himself as to his reading level. Beau even forfeited part of his lunch time activities insisting to continue. The end result has been incredible! A growing learner Beau! Beau is a true example of the heightened state of love of learning across the school! . If you are looking for someone with higher order thinking answers? Beau might have it! He's a gem when it comes to general knowledge.

### Stars of the Week!

For achieving great results in mathematics. Trent has really been working hard and seeking extra help with his maths and it is really paying off. Awesome work Trent!

Trent **BENJAMIN** (4-6)

Lennix **PONTING** (P-3)

For being a great role model and helper in the classroom. Lennix has been doing a great job with his schooling and also he is getting along well with everyone. Well Done Lennix

### Prep Enrolments for 2019.

We are currently accepting enrolments for the 2019 School Year. There are information packs at the front office. If you have a Prep for 2019, or know someone who does please don't hesitate to contact the office on Wednesday's or Friday Mornings to arrange to collect a pick up of the Enrolment Pack. Also please pass this information on to any interested families you might know.

# Classroom News:

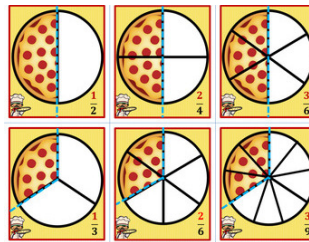

**Grade P-3:** This week in the Prep-3 we have been enjoying our swimming lessons and we have been really enthusiastic about them.

During learning time we have been looking at fractions and how many parts of a fraction put together make a whole. Encourage your child or children to talk about this at home in real life situations like cutting sandwiches in halves and in quarters or pizza into fifths and eighths. Maths is all around us.

We are submitting some art work for the Mooroopna Early Years Alliance Art Show, to be held on the 24th October. Details will be included in later in the newsletter. Please come down see our gorgeous art works.

Please keep reading every night and please make sure that your children are bring their reading packets back to school every-day.

- Mrs. Sciuto

**Grade 4-6:** Week 2 and we are already super busy at school! We have started our swimming lessons this week at Aquamoves and the students are having a great time participating in these.

I have been away for the majority of this week due to professional development days and a big thank you to Mr. Paul Priest who has taken care of the class in my absence.

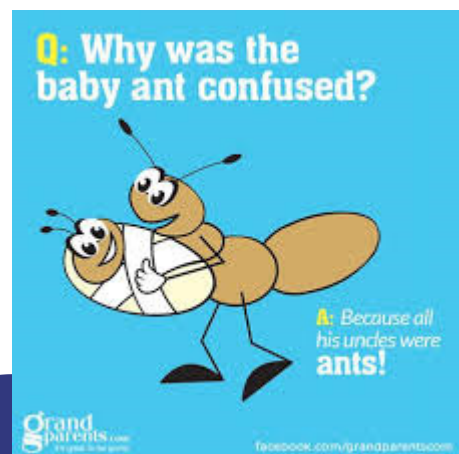

We have been continuing on looking at procedural texts in literacy and also continuing exploring time in numeracy. Keep up the great learning everyone!

- Mr. Junk
