# Classroom News:

## Grade P-3:

This week in the P-3 room we have been working really hard at increasing our reading stamina. We have been trying our best to create narrative writing pieces and to further develop our writing ideas and skills.

We have been focusing on reading word problems and working out what the questions we are asking and how to solve them. We have also been working on 2D and 3D shapes as well as fractions.

We encourage readers to be taken home each night and brought back to school each day.

Please don't forget to book a time for student lead conferences (parent, teacher and student interviews).

- Mrs. Sciuto

## Grade 4-6:

Welcome to week 4! I have been away for a few days this week doing some professional learning so a big thank to Mr Paul Priest for taking the class in my absence.

This week in numeracy we have been continuing on with statistics and probability where students have been learning to create surveys and create displays from the information collected.

Just a reminder to listen to your child read every night/morning.

- Mr. Junk

**Men are facing a health crisis that isn't being talked about. They're dying too young. Much before their time.**

A problem this size calls for big minds, and big solutions. But there's a smaller, hairier solution to the men's health crisis. A solution you can Grow yourself. A solution that's sitting right under your nose.

## TIPS TO HELP YOU GROW

### 1. BE PREPARED

Choose the moustache that will grace your face.  
Trucker, regent, connoisseur or wisp?  
Check out the options at [movember.com](http://movember.com)

### 2. BE BRAVE

The first few days, even weeks, can be uncomfortable as your Mo takes shape.  
Ride it out to encourage donations.

### 3. IGNORE THE ITCHING

Remind yourself that men have endured worse in the past. You can stand a little face tickle.

### 4. SHAPE YOUR MOUSTACHE

Get across all the proper grooming techniques.  
A great Mo comes down to great grooming.
