

NEWSROUND

Principals Message

Dear Parents and Community Members,

Hello to you all and welcome to week 3 edition of the newsletter. Firstly we would like to thank all parents and students who continue to adapt so quickly with regards to remote learning. We can't thank you all enough for your support over the remote learning period.

QR CODE REQUIREMENTS IN SCHOOLS

The use of Service Victoria QR codes for electronic record keeping is mandatory for all workplaces to enable the effective contact tracing of any COVID-19 cases. This now includes schools. The public health intent of including schools in the QR code check in system for workplaces is to capture those visitors accessing school buildings or indoor facilities, but not those entering the school grounds for reasons such as school pick up.

QR CODES WILL BE REQUIRED TO BE USED BY

- all visitors, including contractors, external Department staff and building and maintenance staff
- all parents who enter buildings when on the school site QR code check ins will not be required for staff or students, or parents who come onto school grounds for drop off or pick up, that do not enter buildings. Schools can permit parents to enter buildings onsite for student pick up and drop off providing sufficient QR code locations can be identified and utilised to ensure parents are able to check in.

LOCATIONS SHOULD INCLUDE

- Site entry and exit points
- Building entrances already have in place existing sign in and out processes.

It is important for all visitors to sign in on the register also located in the office foyer.

RETURN OF THE BREAKFAST PROGRAM

We are pleased to announce that we have been given the green light by the DET to recommence our morning breakfast program. The breakfast program will run from 8.30am until 8.50am in the kids kitchen with breakfast foods such as some cereals, toast and spaghetti available.

Grade 4-6 Star of the Week

Stars of the Week!

Well done to Colt for excellent work transitioning back into school this week. Colt has worked hard in getting back into the swing of school in all areas of his learning. Fantastic work Colt!

Grade 4—6 Classroom News

Welcome back to school everyone after a couple of weeks of remote learning. I just wanted to start by saying a big thank you to all students for their hard work during a difficult period and a big thank you to parents and families for their support in facilitating home learning.

We have tried our best to get straight back into the swing of things at school and establish routines.

In Literacy we have been focusing on using apostrophes for possession and have been working on procedure writing.

In numeracy we have been continuing on with our work on multiplication, we have been using arrays to assist with multiplication. We have been designing our own 'lolly bags' for parties and to work out how many lollies we need for our party.

Just a reminder for students to ensure they read at home every night and to have their reading logs filled out.

STUDENT WEEKLY UPDATE REPORT

Hi everyone it's our first week back at school from lock down but let's jump in to it. We have the new basketball backboards and netball rings up now but we are not allowed to use them because the basketball court has mud on it and building materials for the outdoor learning space. I hope the rain washes the dirt and mud off.

In remote learning we continued to follow our daily routines from school which is reading, literacy planet then writing which was a procedural text, spelling and then recess. After recess we went on hit the button and then our maths tasks. After lunch we would have an activity that would be different each day.

Not that many kids were happy about remote learning because we prefer to be at school.

I didn't really like it because I got bored a lot but what I did like about it was that I got to annoy my mum all day.

The outdoor learning space is also looking good with the decking being put on throughout the week.

Thanks again.
